Vespa 150

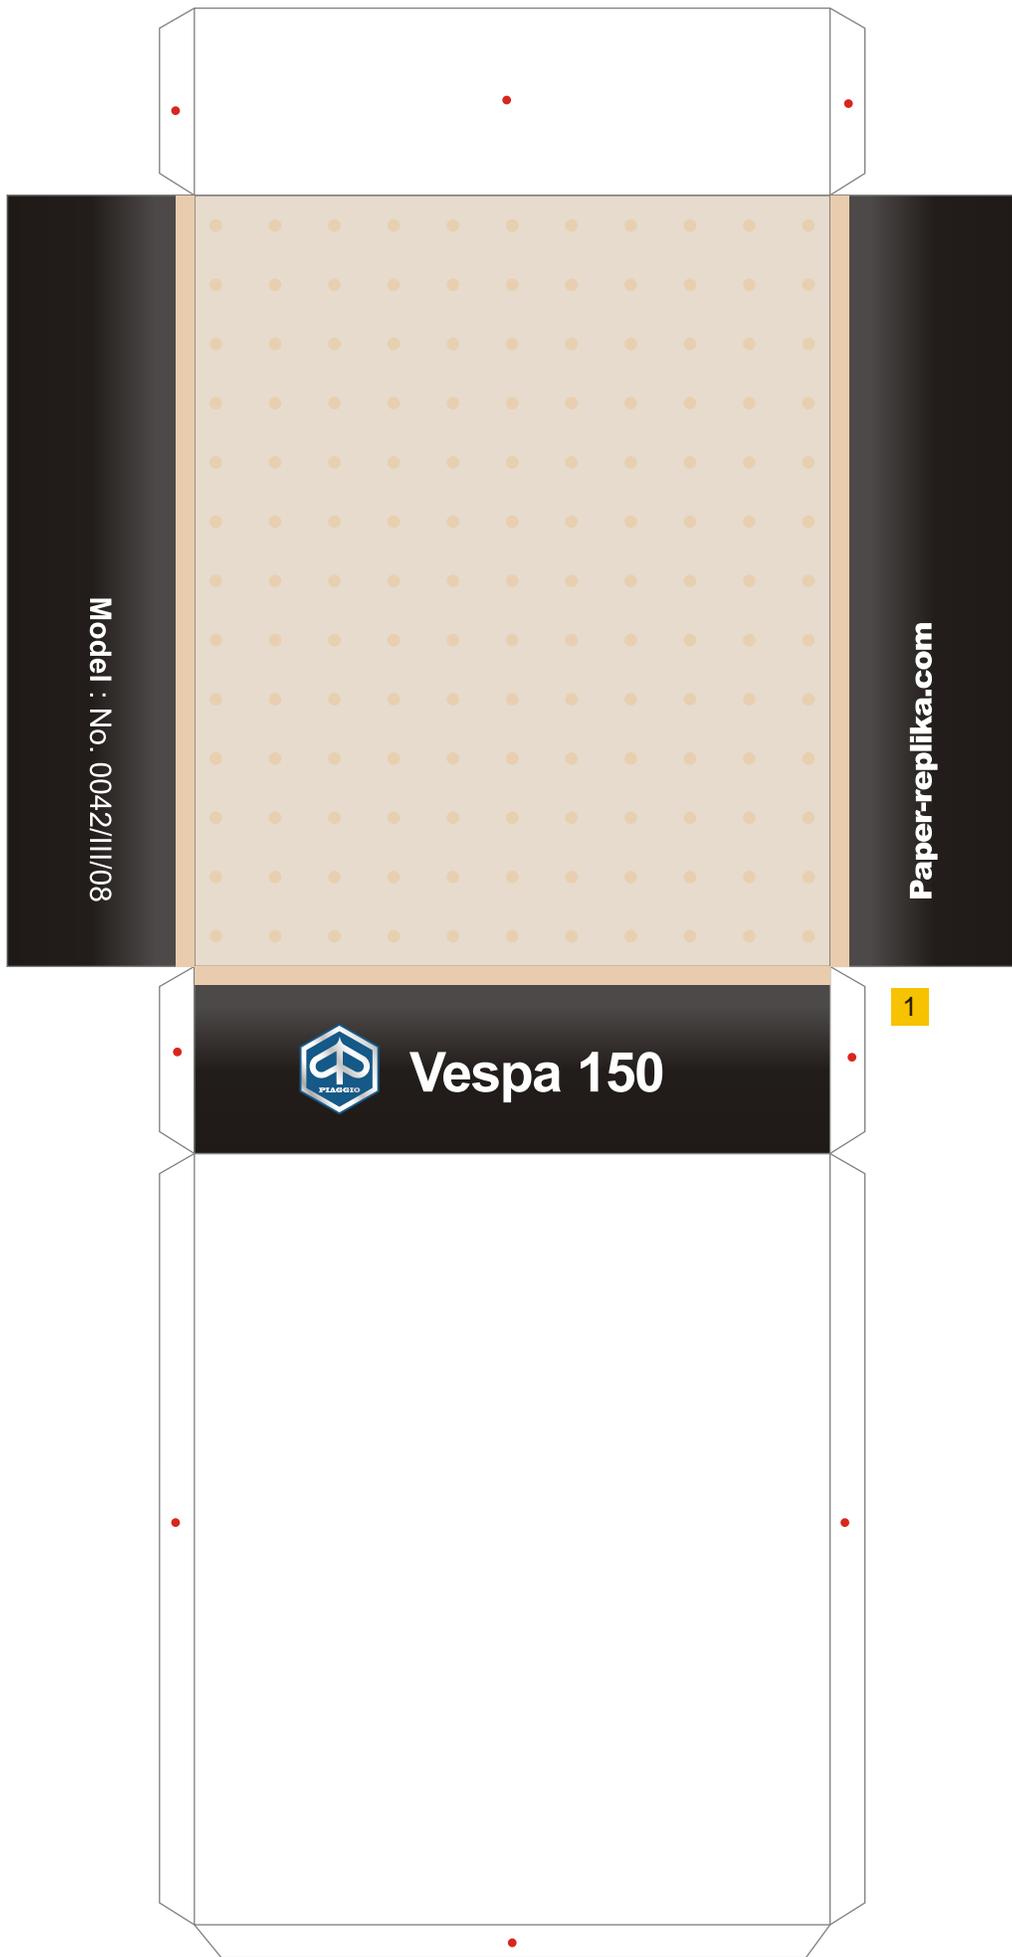

Vespa 150

Vespa is an Italian line of scooters manufactured by Piaggio. The Vespa has evolved from a single model motor scooter manufactured in 1946 by Piaggio & Co. S.p.A. of Pontedera, Italy — to a full line of scooters and one of seven companies today owned by Piaggio — now Europe's largest manufacturer of two-wheeled vehicles and the world's fourth largest motorcycle manufacturer by unit sales. From their inception, Vespa scooters have been known for their painted, pressed steel unibody which combines a complete cowling for the engine (enclosing the engine mechanism and concealing dirt or grease), a flat floorboard (providing foot protection), and a prominent front fairing (providing wind protection) — into a structural unit as well as a singularly endearing and enduring shape.
